

REMARKS

Presently, claims 31-36 and 46-51 are pending. Claims 1-30 and claims 37-45 have been cancelled without prejudice in order to place the present application in condition for allowance while preserving the right to present such claims and the subject matter contained therein in a divisional or continuation patent application. Claim 50 has been amended to correct the deficiency under Section 112, second paragraph. It is noted that the amendment to claim 50 merely changes the word "a" to "said" in order to properly refer to an element already recited in claim 46. No matter has been added as a result of the amendment.

CONCLUSION

The applicant respectfully submits that the application is in condition for allowance. The Examiner is welcome to call the attorney of record, Frank W. Compagni, at (801) 478-0071 if further discussion of this matter is warranted.

Respectfully Submitted,
